### CAROLINE ROSSITER

I started using Dani around 3 years ago when my long term nail tech went travelling. I like to have a pedicure once every four weeks as my feet need more attention as I get older. As a busy mum its such a pleasure to sit in Dani's salon and relax - she's never in a rush!

Dani is thorough and professional and my feet feel so much better. I love the baby pinks in the summer and dark red colours especially through the winter months.

I often have bio gels done for special occasions too and can't recommend Dani highly enough.

The lovely Dani has been doing my nails since I got engaged 4 years ago (and realised everyone was going to be a lot more interested in my hands).

When I first started going to Dani my nails were in bad shape but she has beautified and nurtured my hands (and feet) for the biggest day of my life - my wedding day, through pregnancy & now in the early stages of motherhood.

Dani sometimes extends my nails with the Bio gel - which is so much better & less damaging than acrylics, and cared for broken, thin nails that have been through the stress of being a first time mum.

I feel so relaxed in her company and going to her studio at home is much more informal than a salon. She is so adaptable and even did my nails when Peter was 3 weeks old.

In early motherhood, sometimes I didn't feel myself but an appointment gave me some "me time" back & some much needed TLC which **really makes me feel special**.

## SUE GOLDSMITH

After several years of unreliable nail technicians and poor manicures, I did a Google search and up popped Dani! I have never looked back. Dani is wonderful. Her manicures, pedicures and gels are the best that I have ever had... but it doesn't end there. Her little salon is spotlessly clean, she has a huge range of nail polishes, she only uses quality products, the parking is easy. Dani is so reliable and professional. I look forward to my weekly appointments. It's like catching up with a good friend and getting my nails done at the same time. **What's not to like??**

**DON'T  
FORGET!**
